History 1973–1978: Formation. The name Devo comes from the concept of 'de-evolution'—the idea that instead of continuing to evolve, mankind has actually begun to regress, as evidenced by the dysfunction and herd mentality of American society. In the late 1960s, this idea was developed as a joke by Kent State University art students Gerald Casale and Bob Lewis, who created a number of ...

History of the idea. The concept "cradle of civilization" is the subject of much debate. The figurative use of cradle to mean "the place or region in which anything is nurtured or sheltered in its earlier stage" is traced by the Oxford English Dictionary to Spenser (1590). Charles Rollin's Ancient History (1734) has "Egypt that served at first as the cradle of the holy nation".

What is science? Science is the concerted human effort to understand, or to understand better, the history of the natural world and how the natural world works, with observable physical evidence as the basis of that understanding. It is done through observation of natural phenomena, and/or through experimentation that tries to simulate natural processes under controlled conditions.
